

**Because Being a Victim
of Cyber Crime Should
Never Be An Option.**

**DIGITAL
DILIGENCE**

What is our Digital Diligence Program

FREE end user cyber security training
targeting the weakest link in the chain!

How can you join?

By checking us out on our exclusive website

<https://www.digital-diligence.com/>

DIGITAL-DILIGENCE is a complete and thorough Cybersecurity and Risk Mitigation Program that runs all year round! Cyber-Crime evolves continuously. Your digital-security efforts need to be swiftly responsive to the evolving cyber-crime strategies. As a member of this exclusive club you will receive Cybersecurity updates, insights, notifications, and warnings to keep you one step ahead of cyber-criminals. While we cannot ever guarantee you won't be breached, as a Member of this exclusive club you will considerably reduce your risks.

DIGITAL-DILIGENCE provides awareness and the steps to take to ceaselessly secure your business's future. Knowledge is your #1 weapon.

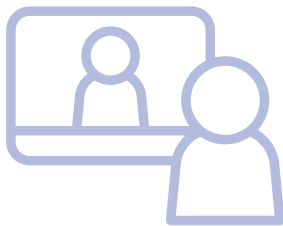

**What Is Included
In Membership?**

WEEKLY CYBER SECURITY TIPS

This is a weekly email that Members will receive which gives you short, relevant IT security tips, reminders and strategies to significantly lower your chances of getting compromised. They are helpful, practical, and extremely beneficial.

WEEKLY NEW EMPLOYEE SECURITY WEBINAR

New Employees that join a company are not aware of what they need to follow or what to expect. This New Employee Security Webinar is mandatory for all new hires to watch. It is to help make sure they have a smooth and easy transition into your company without damaging or harming your network. By taking this “crash course” they will be well-prepared to join your team!

CYBER ALERTS

Occasional cybersecurity alerts will go out notifying you immediately of a NEW threat you need to be on high alert for.

MONTHLY NEWSLETTERS

Every month Members will receive a security newsletter. It is filled with important information and helpful strategies.

MONTHLY TECH TALK WEBINAR

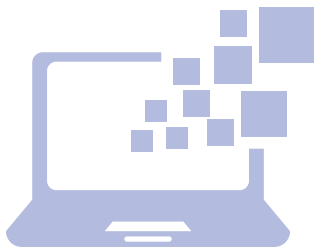

Monthly ItCon **DIGITAL-DILIGENCE** webinars provides updates on the new threats, new trends in cyber-crime so you and your team can maintain your digital diligence. Industry expert guest speakers will share cutting-edge, practical advice you can implement.

MONTHLY SECURITY QUIZZES

Once a month we will send you a security quiz to score you on how much you learned that month. This will help us keep track of your performance and make sure you are keeping up with security protocols.

TECHNOLOGY NEWS BULLETIN

Our Monthly Technology News Bulletin keeps you abreast of the latest cybersecurity technological advances available. Vital technological tools that super-charge your digital security.

A TIP A DAY WILL KEEP HACKERS AWAY

Everyday we will share a video with a security tip that gives you the winning edge over cyber-criminals. A daily dose of tips and advice that strengthens your security and keeps your IT operations sound and healthy.

EACH YEAR, ONE COMPANY IS CROWNED THE DIGITAL DILIGENCE MEMBER OF THE YEAR.

This is the company that had the highest final score on security quizzes. In addition, they actively participate in all Digital Diligence programs and implement changes that secure them better. This group is presented with a gold star applauding their accomplishments. In addition to being awarded with the gold star, this company is featured for a year on our newsletter as our top Digital Diligence Member of the Year. A winner is chosen annually, based on the same criteria for the previous twelve months.
