

From the Desk of:  
**LEAH FREIMAN**  
CEO, Aegis Trusted Defense  
[www.aegistd.com](http://www.aegistd.com)

As per our conversation, I am providing additional information about our company and how we assist organizations like yours in maintaining compliance and securing their data and systems.

We are uniquely positioned to support your compliance and cybersecurity needs as a leading firm in NY, NJ and CT. With hundreds of satisfied clients, over 20 industry awards, and 15+ years of experience, we have a proven track record of addressing compliance and cybersecurity challenges. Our comprehensive approach allows you to focus on improving your healthcare practice while we ensure your data is safeguarded and compliant with relevant regulations.

We understand that your data is the cornerstone of your operations, and keeping it secure and compliant at all times is vital.

**To prepare for our meeting and make the meeting as productive as possible, please do the following:**

1. Please review the educational materials enclosed in this box. This will provide insight into your rights, the clients we serve, and what sets us apart from typical providers you may have encountered.
2. Ensure that all key stakeholders attend our upcoming meeting. This will allow us to comprehensively address questions, concerns, and issues and provide tailored recommendations. I also encourage stakeholders to review the enclosed materials before the meeting so we can begin with a shared understanding.

If you have any questions, please call us at 845.716.1663

All the best,  
Leah Freiman
